

HAIR PROFESSIONAL

LEVEL 2 APPRENTICESHIP

DETAILS

The Level 2 Apprenticeship will suit you if you're just starting out in hairdressing or have some knowledge and basic skills in the industry - probably from a role where you work under supervision. Due to the constant development of the hair and beauty industry, there's always a demand for hairdressers and with more and more opportunities becoming available all the time.

Hairdressers will be able to shampoo and condition hair, cut hair using a range of techniques, style and finish hair to create a variety of looks, and colour and lighten hair for ladies and men.

Hairdressers must be able to work with all hair types ranging from straight hair to very curly, wiry hair. They also need to be able to carry out consultations with clients, demonstrate the professionalism, values, behaviours, communication skills and safe working practices associated with their role and be able to work without supervision to a high level of precision, with exceptional client care skills.

Off-the-Job Training

Apprenticeships are about upskilling an individual. Reaching occupational competency takes time. Many employers and apprentices have praised the positive effect off-the-job training has on their productivity and apprentices feel valued by the significant investment in their training. All off the job training must be relevant to the Apprenticeship Standard being undertaken. This will be agreed before an apprentice commences their programme.

END-POINT ASSESSMENT

At the end of the on programme learning, the apprentice will be required to undertake an end-point assessment to demonstrate they have met the occupational standard. This includes:

- Practical Assessment
- Oral Questioning
